

SHAPING WELLBEING

Qualicaps[®] capsules,
carved from the
environment

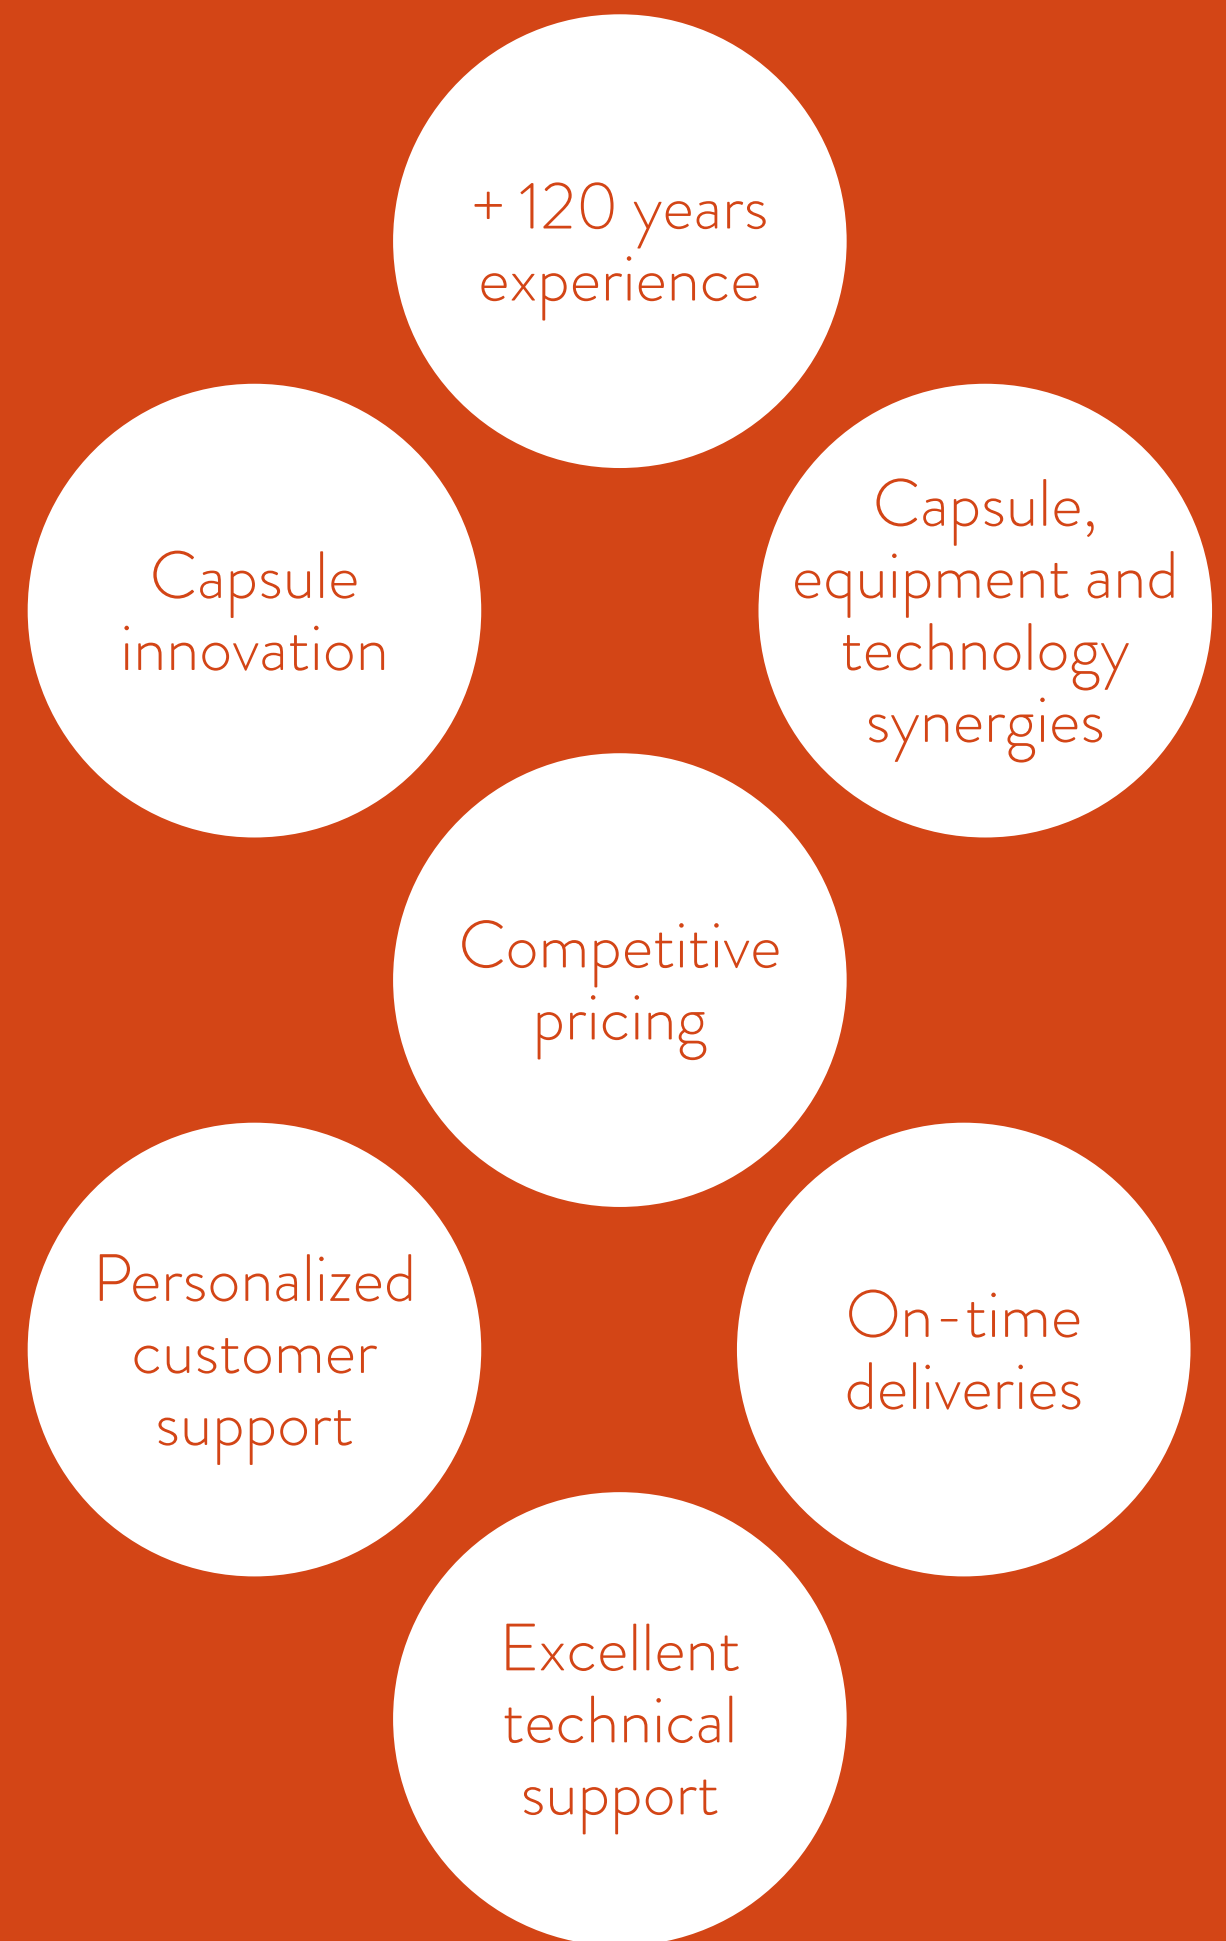

Capsules are the very essence of Qualicaps®

Qualicaps®, as a responsible company dedicated to the supply of two-piece hard capsules and related services, contributes actively to improving people's health and betterment of society. The company takes pride in producing each capsule with the aim of promoting the KAITEKI principles of wellbeing.

As one of the principal suppliers to the pharmaceutical industry, Qualicaps® brings a wealth of expertise to the consumer health market:

- Over 120 years of capsule manufacturing experience.
- Proven track record in capsule innovation and custom capsule applications.
- Capsule, equipment and technology synergies to meet nutritional product manufacturing needs.
- Competitive pricing with reliable, on-time deliveries (including a Quickstock program for rapid delivery of standard capsules).
- Commitment to personalized customer support.
- Excellent technical support.

Highly prepared to
produce and deliver
quality products
and services

With two production sites (Spain and Romania), and teams comprised of capsule manufacturing experts located in the EMEA & South Asia regions, Qualicaps® is highly prepared to produce and deliver quality products and services in Europe, Middle-East, Africa and South Asia to multi-national customers, as well as local and regional ones.

Continually working
to guarantee the
highest - quality product

The integrated production sites of Qualicaps® in Spain and Romania are both certified ISO 9001 (2015 version) and ISO 14001 (2015 version). Both plants have obtained the EXCiPACT (2015 version) certification for Pharmaceutical Excipient Suppliers (for both pharmaceutical and consumer healthcare industries).

The production of the capsules is done conform to cGMP and IPEC rules and comply with Kosher and Halal regulations.

Local health authorities
/ FDA certified

ISO 9001-14001
certified

Manufactured in a
cGMP compliant facility

Contributing to the betterment of individuals, society and the Earth

KAITEKI is the foundation of the Qualicaps® corporate culture and is at the core of our strategy, our management style, and our enterprise-wide responsibility.

KAITEKI essentially means a sustainable condition that promotes wellbeing for individuals, society, and the Earth, transcending time and generations.

The way Qualicaps® integrates it into our day-to-day business differentiates us in the healthcare world, where our customers rely on ethical business partners.

For further details relating to the KAITEKI vision, please visit the [MCHC website](#).

Driving solutions inspired by our customer's challenges

Qualicaps® Consumer Healthcare portfolio offers the consumer health industry superior quality capsules for the protection and delivery of beneficial ingredients.

With patented characteristics that make these capsules ideal for a broad range of nutraceutical and nutritional applications, our leading-edge portfolio of empty hard capsules provides solutions for health and nutrition manufacturers that are in line with consumer preferences.

Europe

Quickstock
Program

All our capsules present:

- Constant solubility in liquids over a broad range of temperatures, so products can be taken with either warm or cold drinks
- Band-sealing suitable for liquid-fills to prevent against leakage and provide tamper evidence
- Excellent performance on high-speed capsule filling machines
- Diversity of size, color and printing options for custom capsule applications to enhance distinctive brand images and product differentiation
- All our capsules are available in Titanium dioxide-free (TiO₂-free) option to meet the growing demand for food supplements that do not contain titanium dioxide
- 5-year shelf life*

* Except for Nutra'V Slow (3-year shelf life)

Discover which
Qualicaps[®] solution
is best for your
product

Plant-based capsules

Specifically designed to meet the ever-increasing clean-label demands of health-conscious consumers, as well as the specific dietary needs of vegetarians, vegans and certain religious requirements.

100% Vegetal Origin

Nutra'V

With a low moisture content and excellent dissolution profile, this clean label HPMC capsule provide a superior and high-performance solution that meets dietary, functional and lifestyle preferences.

Nutra'V
Slow

Offering additional protection of ingredients from stomach acidity, this coated-free capsule facilitates product benefits thanks to a more appropriate delivery, while reducing the risk of unpleasant odors, aftertaste and reflux.

Nutra'V
TiO₂ Free

Qualicaps® Titanium dioxide-free (TiO₂-free) capsules have a high opacifying capability that make them ideal for ingredient masking.

Available in 6 colors and diversity of size and printing options for differentiation in final market dressing.

Hard gelatin capsules

Providing effective protection and delivery for beneficial ingredients.

100% Bovine Bone

Suitable for powder and liquid formulations

Nutra'G

This rapid dissolving capsules feature an exclusive self-locking system that is designed for optimum performance in filling, and to ensure that the product reaches the consumer intact and protected from external contamination.

Nutra'G *Liquid*

Nutra'G Liquid capsules are the perfect complement to ingredients in liquid form for a rapid release of contents, and a quicker onset of their intended therapeutic effect.

Its specific design guarantees a minimal deformation effect after filling operations.

Nutra'G *TiO₂ Free*

Nutra'G Titanium dioxide-free (TiO₂-free) capsules are specifically designed to meet the growing demand for food supplements that do not contain titanium dioxide.

Available in more than 20 colors and diversity of size and printing options for differentiation in final market dressing.

The following table will help you identify which of our Qualicaps® Consumer Healthcare capsule is the best solution for your formulation.

	Moisture content	Type of release	Applications
 Nutra'V	4.0% – 7.0%	Rapid release	Ideal for moisture-sensitive and hygroscopic ingredients. OTC categories, proteins, amino acids, vitamins, minerals, alkaloids, herbal products, etc.
 Nutra'V <i>Slow</i>	≤ 6.5%	Delayed release	Acid-sensitive ingredients Reflux-prone ingredients Moisture-sensitive ingredients Prebiotics and Probiotics, enzymes
 Nutra'G	13.0% – 16.0%	Rapid release	OTC categories, amino acids, vitamins, minerals, etc.
 Nutra'G <i>Liquid</i>	13.0% – 16.0%	Fast release (improve bio-availability and absorption: active ingredients in liquid form are absorbed faster than in solid form). Delayed release (allows to combine a second ingredient in the form of delayed release)	Liquid formulations. Allows to combine non-compatible formulations or more ingredients in a single dosage form. Fatty acids (oils), herbal products, alkaloids, amino acids, vitamins, cosmetic, prebiotics and probiotics

Certifications available:
EXCiPACT | KOSHER | HALAL | VEGAN*

Notes:
All our Consumer Healthcare capsules are available in Titanium dioxide-free (TiO₂-free) option.
*Nutra'V and Nutra'V Slow capsules are vegan certified (a statement free of charge can be supplied upon request) and are suitable for organic applications. Please consult us for additional information.
